

Dear lovely international students,

Have you paid your insurance fee? OIPS would like to remind you to pay your amount at the Bursary Office (S104). During your stay in Taiwan, Health Insurance is very important and necessary. OIPS cares a lot about you and we are worried for our students' safety. Without insurance, you will face a huge sum of money when an accident is encountered. After 6 months you get your ARC, you can take on your insurance. For the students who are qualified but haven't applied for it, please come to B506 as soon as possible. For the students who had already applied but didn't pay the fee this semester, please go to Bursary Office (S104) when you are free.

Sincerely,

OIP&S
